Welcome to Outdoor Photos.co.za!

I started this website for the immediate gratification of my clients who obviously want to view their photos as soon as possible after an event. I also created this website, and the accompanying photography newsletter, as a result of friends, family and amateur photographers who keep on bugging me for photographic tips.

My unique services include running after those difficult shots – I rush in where other photographers fear to tread!.This includes:

- Extreme sports (action, action, action)
- Wildlife (getting close to that elephant)
- Travel (look out for those mountain climbing expeditions)
- Hunting documentaries.
- And the arty shots I find worthwhile and challenging.
- I also do the occasional wedding if the bridal couple is prepared to experiment with interesting angles and is looking for something different!
